Installation Guide for Mainframes

This document describes step by step how to install Natural with Adabas system files on IBM and compatible systems running under the operating system OS/390, VSE/ESA, VM/CMS or BS2000/OSD.

For the supported versions of the operating systems, refer to Operating/Teleprocessing Systems Required (in the current Natural Release Notes for Mainframes).

Installation instructions for TP monitor interfaces and certain Natural subproducts are also included in this document.

The Natural Installation Guide for Mainframes covers the following topics:

- General Installation Information
- Installing Natural under OS/390
- Installing Natural under VSE/ESA
- Installing Natural under VM/CMS
- Installing Natural under BS2000/OSD
- Installing the Natural Com-plete/SMARTS Interface
- Installing the Natural CICS Interface
- Installing the Natural IMS Interface
- Installing the Natural TSO Interface
- Installing the Natural UTM Interface
- Installing the Natural TIAM Interface
- Installing the Natural Web Interface Server Extensions
- Installing the Entire System Server Interface
- Installing Natural Security
- Installing the Software AG Editor
- Installing the Natural Net Data Interface
- Overall Installation Verification

Supplementary Documents

The Natural Installation Guide for Mainframes is supplemented by the following documents:

- Natural Operations for Mainframes
- Natural TP Monitor Interfaces
- System Maintenance Aid (separate documentation on the Natural Documentation CD-ROM and on ServeLine24)

For details of the utility used for loading the Natural system objects, see also the INPL Utility.

For information on the installation of the Natural add-on products, see the following documents:

- Natural Advanced Facilities
- Natural Connection
- Natural for DB2 Database Interface
- Natural for SQL/DS
- Natural for DL/I Database Interface
- Natural for VSAM Database Interface

- Natural Optimizer Compiler
- Review Natural Monitor
- Entire Transaction Propagator
- Natural SAF Security

For information on installing the Natural Development Server under the various operating systems, refer to the platform-specific installation instructions in the separate Natural Development Server documentation.
